

## Advisory

### **on Extreme Cold Weather Conditions**

The Philippine Consulate General urges Filipinos and Filipino-Canadians to take extra precautions as Calgary and other parts of Alberta and Saskatchewan are poised to experience extreme cold weather in the next days.

Members of the Filipino community are advised to constantly monitor weather alerts from <https://weather.gc.ca/warnings>, to bundle up when commuting, and to limit exposure time outdoors as much as possible to avoid frostbite and other health concerns due to extreme cold.
